Independent Audit Report

Statement of Comprehensive Income

Statement of Financial Position

Statement of Changes in Equity

Statement of Cash flows

Notes to the financial statements

# STATEMENT BY MEMBERS OF THE BOARD OF MANAGEMENT

In the opinion of the Board the financial report:

- a) Presents a true and fair view of the financial position of Anglican Community Care Inc as at 30 June 2016 and its performance for the year ended on that date in accordance with Australian Accounting Standards (including Australian Accounting interpretations) of the Australian Accounting Standards Board.
- b) At the date of this statement, there are reasonable grounds to believe that Anglican Community Care Inc will be able to pay its debts as and when they fall due.

This statement is signed on behalf of the Board in Mt Gambier this day of September 2016.

# INDEPENDENT AUDITOR'S REPORT

To the members of Anglican Community Care Inc.

# Report on the Financial Report

We have audited the accompanying financial report of Anglican Community Care Inc. (the association), which comprises the statement of financial position as at 30 June 2016, statement of comprehensive Income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the certification by the members of the committee on the annual statements presenting fairly the financial position and performance of the association.

# Committee's Responsibility for the Financial Report

The committee of the association is responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards (Including the Australian Accounting Interpretations) and the *Associations Incorporation Act SA 1985* and for such internal control as the committee determines is necessary to enable the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error.

# **Auditor's Responsibility**

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the association's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also Includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the committee, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

# Independence

In conducting our audit, we have complied with the independence requirements of the Australian professional accounting bodies.

# **Opinion**

In our opinion, the financial report of Anglican Community Care Inc. is in accordance with the requirements of the *Associations Incorporation Act SA 1985*, Including:

- i. presenting fairly, in all material respects, the association's financial position as at 30 June 2016, and of its performance and its cash flows for the year ended on that date; and
- ii. complying with Australian Accounting Standards as disclosed in Note 1.

#### 1 General information

The consolidated financial statements and notes represent those of Anglican Community Care Incorporated and Anglican Community Housing Association Incorporated (the "group"). Anglican Community Care Incorporated is incorporated and domiciled in Australia.

The separate financial statements of the parent entity, Anglican Community Care Incorporated, have also been presented within this report.

### 2 Summary of significant accounting policies

#### 2.1 Basis of preparation

Anglican Community Care (RDR) inc applies Australian Accounting Standards - Reduced Discloure Requirements as set out in AASB 1053: Application of Tiers of Australian Accounting Standards and AASB 2010-2: Amendments to Australian Accounting Standards arising from Reduced Disclosure Requirements and other applicable Australian Accounting Standards - Reduced Disclosure Requirements.

The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards - Reduced Disclosure Requirements of the Australian Accounting Standards Board (AASB) and the Associations Incorporations Act 1985 in South Australia. The Group is a not-for-profit entity for the financial reporting purposes under Australian Accounting Standards.

Australian Accounting Standards set out accounting policies that the Australian Accounting Standards Board has concluded would result in financial statements containing relevant and reliable information about transactions, events and conditions. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards (IFRS). Material accounting policies adopted in the preparation of the financial statements are presented below and have been consistently applied unless stated otherwise.

The financial statements, except for cash flow information, have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

#### 2.2 Principles of consolidation

The consolidated financial statements incorporate the assets, liabilities and results of entities controlled by Anglican Community Care Incorporated at the end of the reporting period. A controlled entity ("subsidiary") is any entity over which Anglican Community Care Incorporated has the power to govern the financial and operating policies so as to obtain benefits from its activities.

In preparing the consolidated financial statements, all intergroup balances and transactions between entities in the Group have been eliminated in full on consolidation.

#### 2.3 Comparative information

The presentation and classification of items in the financial statements are consistent with prior periods except where specific accounting standards and/or accounting policy statements has required a change.

Where presentation and classification of items in the financial statements have been amended, comparative figures have been adjusted to conform to changes in presentation or classification in these financial statements unless impracticable. The restated comparative amounts do not replace the original financial statements for the preceding period.

#### 2.4 Rounding

All amounts in the financial statements are rounded to the nearest dollar.

#### 2.5 Taxation

The Group is not subject to income tax. The Group is liable for fringe benefits tax (FBT) and goods and services tax (GST).

Income, expenses and assets are recognised net of the amount of GST except:

- when the GST incurred on a purchase of goods or services is not recoverable from the Australian Taxation Office (ATO), in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item applicable; and
- receivables and payables, which are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the ATO is included as part of receivables or payables in the Statement of Financial Position.

Cash flows are included in the Statement of Cash Flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the ATO is classified as part of operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to the ATO. If GST is not payable to, or recoverable from the ATO, the commitments and contingencies are disclosed on a gross basis.

# 2.6 Income and expenses

Income and expenses are recognised in the Group's Statement of Comprehensive Income when and only when it is probable that the flow of economic benefits to or from the Group will occur and can be reliably measured.

Income and expenses have been classified according to their nature and have not been offset unless required or permitted by a specific accounting standard, or where offsetting reflects the substance of the transaction.

# Fees and charges

Revenues from fees and charges are derived from the provision of goods and services to other agencies and to the public. This revenue is recognised upon delivery of the service to the clients or by reference to the stage of completion.

# Contributions received / paid

Contributions are recognised as an asset and income when the Group obtains control of the contributions or obtains the right to receive the contributions.

For contributions payable, the contribution will be recognised as a liability and expense when the Group has a present obligation to pay the contribution.

# Property Contribution

Anglican Community Care Incorporated received Property Contributions totalling \$10,306,000 from the South Australian housing Trust as part of the National Building Economic Stimulus Plan. The contributions was bought to account as income in the 2015/16 Financial Year. The contribution is subject to a Deed of Statutory Covenant and continues indefinitely. In the Event the agreement is terminated Anglican Community Care Incorporated is liable to repay the Contribution amount being the lesser of the Valuer General's market valuation at the time of sale or the amount of the original property contribution indexed quarterly by CPI.

# 2.7 Current and non-current classification

Assets and liabilities are characterised as either current or non-current in nature. The Group has a clearly identifiable operating cycle of twelve months. Therefore, assets and liabilities that will be realised as part of the normal operating cycle will be classified as current assets or current liabilities. All other assets and liabilities are classified as non-current

# 2.8 Cash and cash equivalents

Cash and cash equivalents in the Statement of Financial Position includes cash at bank and on hand, other short-term deposits and a non-interest loan facility. Cash and cash equivalents in the Statement of Cash Flows consist of cash and cash equivalents as defined above, net of bank overdrafts.

Cash is measured at nominal value

#### ANGLICAN COMMUNITY CARE INCORPORATED

#### NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

#### For the year ended 30 June 2016

#### 2.9 Receivables and other assets

Receivables and other assets include amounts receivable from goods and services, prepayments and other accruals.

Receivables arise in the normal course of selling goods and services to other agencies and to the public. Receivables are generally receivable within 30 days after the issue of an invoice or the goods/services have been provided under a contractual arrangement.

Other debtors arise outside the normal course of selling goods and services to other agencies and to the public.

Collectability of receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that the Group will not be able to collect the debts.

# 2.10 Property, plant and equipment

#### Restricted Investment Properties

Anglican Community Care Incorporated has recognised properties received under the National Building Economic Stimulus Program (NBESP) and other properties jointly funded by the Incorporation and State and Federal Governments as Restricted Investment Properties in the Financial Statements. The properties will be used to generate rental income and capital appreciation for the Incorporation.

The Fair Value model has been applied to Restricted Investment Properties. The Board has adopted a valuation for these properties that equates to the values determined by the Valuer-General of South Australia for rating purposes.

Government restrictions apply to the sale of these properties with proceeds on disposal to be directed towards further investments in social and affordable housing.

Recognition of these properties as investment properties is consistent with the requirements of AASB 116 Property, plant and equipment and AASB 140 Investment property.

#### Other Property Plant and Equipment

Plant and equipment are measured on the cost basis and are therefore carried at cost less accumulated depreciation and any accumulated impairment losses. In the event the carrying amount of plant and equipment is greater than its estimated recoverable amount, the carrying amount is written down immediately to the estimated recoverable amount and impairment losses are recognised either in profit or loss or as a revaluation decrease if the impairment losses relate to a revalued asset.

#### 2.11 Depreciation

The depreciable amount of all fixed assets, including property, is depreciated on a straight-line basis over the asset's useful life to the Group commencing from the time the asset is held ready for use.

The depreciation rates used for each class of depreciable assets are:

Class of fixed asset	Depreciation rate
Property	10-20%
Plant and equipment	5-10%
Motor vehicles	10%-50%

### 2.12 Impairment of non-financial assets

At the end of each reporting period, the Group assesses whether there is any indication that an asset may be impaired. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use to asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss. Any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with AASB 116.

Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Impairment testing is performed annually for intangible assets with indefinite lives.

# 2.13 Intangibles

An intangible asset is an identifiable non-monetary asset without physical substance.

# Computer software

Software costs are capitalised only when the Group identifies that the project will deliver future economic benefits and these benefits can be measured reliably. Software is considered as having a finite useful life and is amortised on a systematic basis over the useful life so as to match the economic benefits received to the periods in which the benefits are received. Amortisation begins when the software becomes operational.

Class intangible asset	Amortisation rate
Software	10%-20%

# 2.14 Payables

Payables include creditors, accrued expenses and staff on-costs.

Creditors represent the amounts owing for goods and services received prior to the end of the reporting period that are unpaid at the end of the reporting period. Creditors include all unpaid invoices received relating to normal operations of the Group.

Accrued expenses represent goods and services provided by other parties during the period that are unpaid at the end of the reporting period and where an invoice has not been processed / received.

All payables are measured at their nominal amount, are unsecured and are normally settled within 30 days from the date of the invoice or date the invoice is first received.

Staff on-costs include superannuation contributions with respect to outstanding liabilities for salaries and wages, long service leave and annual leave.

The Group makes contributions to several superannuation schemes. These contributions are treated as an expense when they occur. There is no liability for payments to beneficiaries as they have been assumed by the respective superannuation schemes. The only liability outstanding at balance date relates to any contributions due but not yet paid to superannuation schemes.

# ANGLICAN COMMUNITY CARE INCORPORATED

# NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

# For the year ended 30 June 2016

# 2.15 Staff benefits

These benefits accrue for staff as a result of services provided up to the reporting date that remain unpaid. Long-term staff benefits are measured at present value and short-term staff benefits are measured at nominal amounts.

# Accrued salaries and wages

The liability for accrued salaries and wages is measured as the amount unpaid at the reporting date at remuneration rates current at reporting date.

# Sick leave

A provision has not been made for sick leave as all sick leave is non-vesting and the average sick leave taken in future years by staff is estimated to be less than the annual entitlement of sick leave.

# Annual leave

The annual leave liability is expected to be payable within twelve months and is measured at the undiscounted amount expected to be paid. In the unusual event where annual leave is payable later than twelve months, the liability will be measured at present value.

#### Long service leave

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date.

#### 2.16 Provisions

Provisions are recognised when the Group has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

The Parent entity has entered into commercial leases of land and buildings and office equipment as well as Motor Vehicles.

These leases have an average life of between two and ten years with two to five year renewal options included in some of the property rental contracts.

There are no restrictions placed upon the lessee upon entering into these leases. Future minimum rentals payable under non-cancellable operating leases have not been provided for in the financial statements.

#### 25 Contingencies

Anglican Community Care Incorporated has recognised restricted investment properties totalling \$10,306,000 from the South Australian Housing Trust as part of the National Building Economic Stimulus Plan. These properties are subject to a Deed of Statutory Covenant which continues indefinitely. In the event the agreement is terminated Anglican Community Care Incorporated is liable to repay the contribution amount being the lesser of the Valuer General's market valuation at the time of sale or the amount of the original property contribution indexed quarterly by CPI.

#### 26 Remuneration of board members

The Board Members act in an honorary capacity and receive no compensation for their services.

#### Anglican Community Care Incorporated

During the year travel expenses incurred by the Board Members, in fulfilling their role, totalling \$2,273 (2015 \$1,804) were reimbursed.

# Anglican Community Care Housing Association Incorporated

During the year travel expenses incurred by the Board Members, in fulfilling their role, totalling \$0 (2015 \$0) were reimbursed.

# 27 Structural changes

With the introduction of the Community Housing Providers (National Law) (South Australia) Bill 2013 Anglican Community Care Incorporated attained TIER 2 registration on 14 July 2014 with the intent of undertaking Community Housing operations into the future. On the 1 April 2016 Anglican Community Care started operating under the Community Housing Master Agreement.

As a result Anglican Community Care Housing Association Incorporated was merged into Anglican Community Care Incorporated (parent entity) on the 29th February 2016. A net impact of \$547,743 of Assets and Liabilities and an equity Maintenance Reserve of \$1,203,833 was transferred to Anglican Community Care Incorporated in April 2016. This event had a significant impact on the operations of the Anglican Community Care Incorporated. When comparing both the financial position and statement of comprehensive income in the statements consideration should be given to this event.

# 28 Property Contribution

On the 1st April 2016 Anglican Community Care Incorporated commenced operating under the Community Housing Master Agreement. As a result, housing stock provided under the National Building Economic Stimulus Program and Local Government Community Housing Program have been bought to account as restricted land and building assets and valued as per notes 2.6 and 2.10.

The total amount of the property contribution is \$10,306,000.
