ANGLICAN COMMUNITY CARE INCORPORATED For the year ended 30 June 2019

STATEMENT BY MEMBERS OF THE BOARD OF MANAGEMENT

In the opinion of the Board the financial report:

- a) Presents a true and fair view of the financial position of Anglican Community Care Incorporated as at 30 June 2019 and its performance for the year ended on that date in accordance with Australian Accounting Standards (including Australian Accounting interpretations) of the Australian Accounting Standards Board.
- b) At the date of this statement, there are reasonable grounds to believe that Anglican Community Care Incorporated will be able to pay its debts as and when they fall due.

This statement is signed on behalf of the Board in Mt Gambier this 25day of September 2019.

INDEPENDENT AUDITOR'S REPORT

To the members of Anglican Community Care Incorporated

Report on the Audit of the Financial Report

Audit Opinion

We have audited the accompanying financial report of Anglican Community Care Inc (the Association), which comprises the statement of financial position as at 30 June 2019 statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and the Directors declaration.

In our opinion, the accompanying financial report of the Association is in accordance with Division 60 of *Australian Charities and Not-for-profits Commission Act 2012* (the ACNC Act), including:

- I. giving a true and fair view of the Association's financial position as at 30 June 2019 and of its financial performance for the year then ended; and
- II. complying with Australian Accounting Standards Reduced Disclosure Requirements and Division 60 of Australian Charities and Not-for-profits Commission Regulations 2013.

Basis for Audit Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Association in accordance with the ACNC Act, the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia, and we have fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibility of the Directors for the Financial Report

The directors are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards – Reduced Disclosure Requirements and the Australian Charities and Not-for-profits Commission Act 2012 (Cth) and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Association or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibility for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of
 the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

For the year ended 30 June 2019

General information
 Anglican Community Care Incorporated is incorporated and domiciled in Australia.

2 Summary of significant accounting policies

2.1 Basis of preparation

Anglican Community Care Incorporated applies Australian Accounting Standards - Reduced Discloure Requirements (RDR) as set out in AASB 1053: Application of Tiers of Australian Accounting Standards and AASB 2010-2: Amendments to Australian Accounting Standards arising from Reduced Disclosure Requirements and other applicable Australian Accounting Standards - Reduced Disclosure Requirements.

The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards - Reduced Disclosure Requirements of the Australian Accounting Standards Board (AASB) and the Associations Incorporations Act 1985 in South Australia and the Australian Charities and Not-for-profits Commission (ACNC). Anglican Community Care Incorporated is a not-for-profit entity for the financial reporting purposes under Australian Accounting Standards.

Australian Accounting Standards set out accounting policies that the Australian Accounting Standards Board has concluded would result in financial statements containing relevant and reliable information about transactions, events and conditions. Material accounting policies adopted in the preparation of the financial statements are presented below and have been consistently applied unless stated otherwise.

The financial statements, except for cash flow information, have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

2.2 Comparative information

The presentation and classification of items in the financial statements are consistent with prior periods except where specific accounting standards and/or accounting policy statements has required a change.

Where presentation and classification of items in the financial statements have been amended, comparative figures have been adjusted to conform to changes in presentation or classification in these financial statements unless impracticable. The restated comparative amounts do not replace the original financial statements for the preceding period.

2.3 Rounding

All amounts in the financial statements are rounded to the nearest dollar.

2.4 Taxation

The Entity is not subject to income tax. The Entity is liable for fringe benefits tax (FBT) and goods and services tax (GST).

Income, expenses and assets are recognised net of the amount of GST except:

- when the GST incurred on a purchase of goods or services is not recoverable from the Australian Taxation Office (ATO), in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item applicable; and
- receivables and payables, which are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the ATO is included as part of receivables or payables in the Statement of Financial Position.

Cash flows are included in the Statement of Cash Flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the ATO is classified as part of operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to the ATO. If GST is not payable to, or recoverable from the ATO, the commitments and contingencies are disclosed on a gross basis.

2.5 Income and expenses

AASB 15 Revenue from Contracts with Customers and AASB 1058 Income of Not-for-Profit Entities, which will commence from 1 July 2019, affect the timing with which revenues, particularly special purpose grants, are recognised. Amounts received in relation to contracts with sufficiently specific performance obligations will in future only be recognised as these obligations are fulfilled. It is expected that the implementation of these new standards will have minimal impact on the current recognition of income and liabilities.

Income and expenses are recognised in the Entity's Statement of Comprehensive Income when and only when it is probable that the flow of economic benefits to or from the Entity will occur and can be reliably measured.

Income and expenses have been classified according to their nature and have not been offset unless required or permitted by a specific accounting standard, or where offsetting reflects the substance of the transaction.

Fees and charges

Revenues from fees and charges are derived from the provision of goods and services to other agencies and to the public. This revenue is recognised upon delivery of the service to the clients or by reference to the stage of completion.

Contributions received / paid

Contributions are recognised as an asset and income when the Entity obtains control of the contributions or obtains the right to receive the contributions.

For contributions payable, the contribution will be recognised as a liability and expense when the Entity has a present obligation to pay the contribution.

2.6 Current and non-current classification

Assets and liabilities are characterised as either current or non-current in nature. The Entity has a clearly identifiable operating cycle of twelve months. Therefore, assets and liabilities that will be realised as part of the normal operating cycle will be classified as current assets or current liabilities. All other assets and liabilities are classified as non-current.

2.7 Cash and cash equivalents

Cash and cash equivalents in the Statement of Financial Position includes cash at bank and on hand, other short-term deposits and a non-interest loan facility. Cash and cash equivalents in the Statement of Cash Flows consist of cash and cash equivalents as defined above, net of bank overdrafts.

2.9 Pagainables and other assets

Receivables and other assets include amounts receivable from goods and services, prepayments and other accruals.

Receivables arise in the normal course of selling goods and services to other agencies and to the public. Receivables are generally receivable within 30 days after the issue of an invoice or the goods/services have been provided under a contractual arrangement.

Other debtors arise outside the normal course of selling goods and services to other agencies and to the public.

Collectability of receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that the Entity will not be able to collect the debts.

2.9 Property, plant and equipment

AASB 16 Leases, which will commence from 1 July 2019, requires that the right of use conveyed by leasing contracts - except leases with a maximum term of 12 months and leases for non-material amounts - be recognised as a form of Infrastructure, Property, Plant and Equipment, and that the lease liability be disclosed as a liability.

AASB 16 will have a material impact on the Statement of Financial Position. The impact of this change and the results as 1 July 2019 are set out below:

IPP&E right-of-use asset increase \$602,261
Financial liabilities / borrowings increase \$636,486
Net impact on equity decrease \$34,225

AASB 16 will also impact the Statement of Comprehensive Income in 2019-20.

The impact is largely a reclassification between supplies and services expenses and depreciation and interest expenses as set out below:

Depreciation and amortisation increase \$242,389
Borrowing costs / interest increase \$24,007
Supplies and services decrease \$262,820
Net impact on net result decrease \$3,576

Other Property Plant and Equipment

Plant and equipment are measured on the cost basis and are therefore carried at cost less accumulated depreciation and any accumulated impairment losses. In the event the carrying amount of plant and equipment is greater than its estimated recoverable amount, the carrying amount is written down immediately to the estimated recoverable amount and impairment losses are recognised either in profit or loss or as a revaluation decrease if the impairment losses relate to a revalued asset.

2.10 Depreciation

The depreciable amount of all fixed assets, including property, is depreciated on a straight-line basis over the asset's useful life to the Entity commencing from the time the asset is held ready for use.

The depreciation rates used for each class of depreciable assets are:

Depreciation rate
10-20%
5-10%
10%-50%

2.11 Impairment of non-financial assets

At the end of each reporting period, the Entity assesses whether there is any indication that an asset may be impaired. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use to asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss. Any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with AASB 116.

Where it is not possible to estimate the recoverable amount of an individual asset, the Entity estimates the recoverable amount of the cash-generating unit to which the asset belongs

Impairment testing is performed annually for intangible assets with indefinite lives.

2.12 Intangibles

An intangible asset is an identifiable non-monetary asset without physical substance.

Computer software

Software costs are capitalised only when the Entity identifies that the project will deliver future economic benefits and these benefits can be measured reliably. Software is considered as having a finite useful life and is amortised on a systematic basis over the useful life so as to match the economic benefits received to the periods in which the benefits are received. Amortisation begins when the software becomes operational.

Class intangible asse	Amortisation rate
Software	10%-20%

Intangible assets under development

Intangible Assets under development are capitalised only when the Entity identifies the project will generate probable future economic benefit and the cost of generating the intangible asset can be reliably measured. The intangible assets is deemed to have no useful life until the development has been completed and the the asset becomes operational. Amortisation begins when the asset becomes operational.

2.13 Payables

Payables include creditors, accrued expenses and staff on-costs.

Creditors represent the amounts owing for goods and services received prior to the end of the reporting period that are unpaid at the end of the reporting period. Creditors include all unpaid invoices received relating to normal operations of the Entity.

Accrued expenses represent goods and services provided by other parties during the period that are unpaid at the end of the reporting period and where an invoice has not been processed / received.

All payables are measured at their nominal amount, are unsecured and are normally settled within 30 days from the date of the invoice or date the invoice is first received.

Staff on-costs include superannuation contributions with respect to outstanding liabilities for salaries and wages, long service leave and annual leave.

The Entity makes contributions to several superannuation schemes. These contributions are treated as an expense when they occur. There is no liability for payments to beneficiaries as they have been assumed by the respective superannuation schemes. The only liability outstanding at balance date relates to any contributions due but not yet paid to superannuation schemes.

2.14 Staff benefits

These benefits accrue for staff as a result of services provided up to the reporting date that remain unpaid. Long-term staff benefits are measured at present value and short-term staff benefits are measured at nominal amounts.

Accrued salaries and wages

The liability for accrued salaries and wages is measured as the amount unpaid at the reporting date at remuneration rates current at reporting date.

Sick leave

A provision has not been made for sick leave as all sick leave is non-vesting and the average sick leave taken in future years by staff is estimated to be less than the annual entitlement of sick leave.

Annual leave

The annual leave liability is expected to be payable within twelve months and is measured at the undiscounted amount expected to be paid. In the unusual event where annual leave is payable later than twelve months, the liability will be measured at present value.

Long service leave

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date.

2.15 Provisions

Provisions are recognised when the Entity has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.
